About the role:

No two days are ever the same. You will see the amazing development, imagination and thoughts of our children as they learn through planned and purposeful play. Our day starts early, setting out areas of the Pre-school before children arrive. During the day, you may help to prepare snacks and drinks, but will spend most of your time listening to, encouraging and supporting children. You will help to plan, take part in and evaluate all Pre-school activities including outings and visits. You will act as a Key Worker for up to 8 children, observing and recording their development, which we will give you training in. At the end of most days, you will help to tidy up and return the Church Hall to its original appearance.

About you:

Ideally you will have a level three qualification or above in Childcare, however a level two qualification will also be considered. Experience of working with and supporting children with Special Educational Needs is helpful.

You will be enthusiastic, caring, supportive and inclusive. You will be good at building relationships, both with the children, parents and colleagues. You will always have a good sense of humour and be focussed on the children. You will be comfortable helping children to learn through play, while developing your own learning and skills. You will also broaden your knowledge about the children's interests.
